

# March Break Schedule

## Live Science Show

### Fire and Ice

In a battle of opposites, which will emerge victorious? Will an explosion of fire and heat experiments blow you away, or will extreme chill be too cool to resist? Vote for your favourite demonstration in a competition of the bold, the cold, and the fiery!

### Symphony of Science

Rumbles and pops, shakes and shocks! Join us as we explore the amazing world of sound with an orchestra of chemical, physical, and biological experiments.

Time	Program	Location
10:15 am	Full Dome Film: Cosmic Adventure	Dome Theatre
10:30 am	Fire and Ice	Level 1
11:00 am	Touch Pool Animation	Ocean Gallery
11:15 am	Live Star Show: Sky Stories	Dome Theatre
12:15 pm	Live Star Show: Our Place in Space	Dome Theatre
12:30 pm	Symphony of Science	Level 1
1:00 pm	Touch Pool Animation	Ocean Gallery
1:15-2:15 pm	Drop-in Session: Lift Off	Level 1
1:30 pm	Full Dome Film: Ice Worlds	Dome Theatre
2:30 pm	Live Star Show: Sky Stories	Dome Theatre
2:45 pm	Fire and Ice	Level 1
3:15 pm	Touch Pool Animation	Ocean Gallery
3:30	Live Star Show: Our Place in Space	Dome Theatre
3:45 pm	Symphony of Science	Level 1
4:30 pm	Full Dome Film: Magnetism	Dome Theatre

Wednesday Night Only	Program	Location
5:30 pm	Live Star Show: Sky Stories	Dome Theatre
5:45-6:15 pm	Drop-in Session: Lift Off	Level 1
6:15 pm	Touch Pool Animation	Ocean Gallery
6:30 pm	Live Star Show: Our Place in Space	Dome Theatre
6:45 pm	Drop-in Session: Ecstatic Electricity	Level 1
7:15 pm	Full Dome Film: Edge of Darkness	Dome Theatre

\*Schedules are subject to change.

## Science on the Spot

Check out our Science on the Spot carts for even more fun!

### Fog Blaster – Level 0

What do you get if you add a garbage can, a tower of Styrofoam cups, and a fog machine? Pop down to our bottom floor to discover the science of air pressure.

### Flu Transmission Mission – Level 2

What are the chances you can avoid getting sick this flu season? Cover your mouth, get your flu shot, and join us for a game of science roulette! Follow up on the flu with a build-your-own microbe take-home card. Add a flagellum here and some cilia there to design and name your own single cell organism while exploring microbial diversity.

### Dizzying Discoveries – Level 2

Conserve your enthusiasm as we discover how figure skaters achieve such tight spins and experience the amazing world of angular momentum.

### Rainbow Shadows – Level 3

See the world through RGB-coloured lenses as we investigate colour mixing and light!

### Spin Art – Level 3

Create a masterpiece using gravity, centripetal force, and your own creativity.

## Immersive Dome Theatre Shows

### Live Star Show: Our Place in Space

Let us take you through the night sky and leave you with a sense of wonder about the cosmos and our place in space. This show is sure to be a hit with any aspiring astro-enthusiast. (6 years+)

### Live Star Show: Sky Stories

Experience the myths and legends of the stars and constellations. Sky Stories is region and time specific to what you see in the current night sky, so the stories will change with the seasons! (2 years+)

### Full Dome Film: Cosmic Adventure

This high-speed adventure takes you on a roller coaster ride from the moon through our solar system, our galaxy, and beyond. This unforgettable journey will immerse you in some of the most amazing sites in the universe! (5 years+)

### Full Dome Film: Edge of Darkness

Immerse yourself in ground-breaking discoveries from the past 5 years of space exploration, including the first ever close-ups of dwarf binary planet Pluto/Charon and its moons. (8 years+)

### Full Dome Film: Ice Worlds

Explore the delicate balance between ice, water, and life. Voyaging beyond Earth, discover how ice shapes the landscape and systems on other planets and moons in our Solar System. (5 years+)

### Full Dome Film: Magnetism

From dazzling auroras to the invisible force that protects from harmful particles from the sun and the galaxy, magnetism is all around. (8 years+)

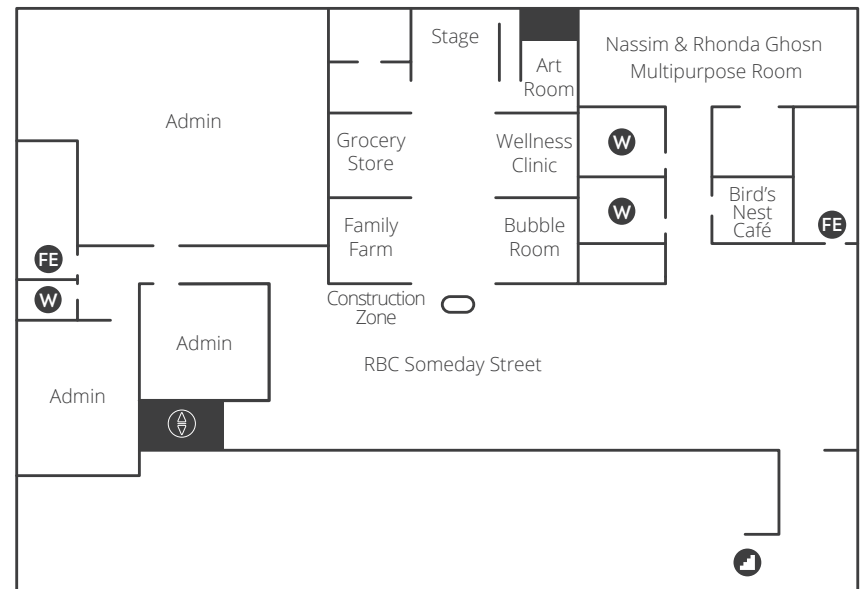

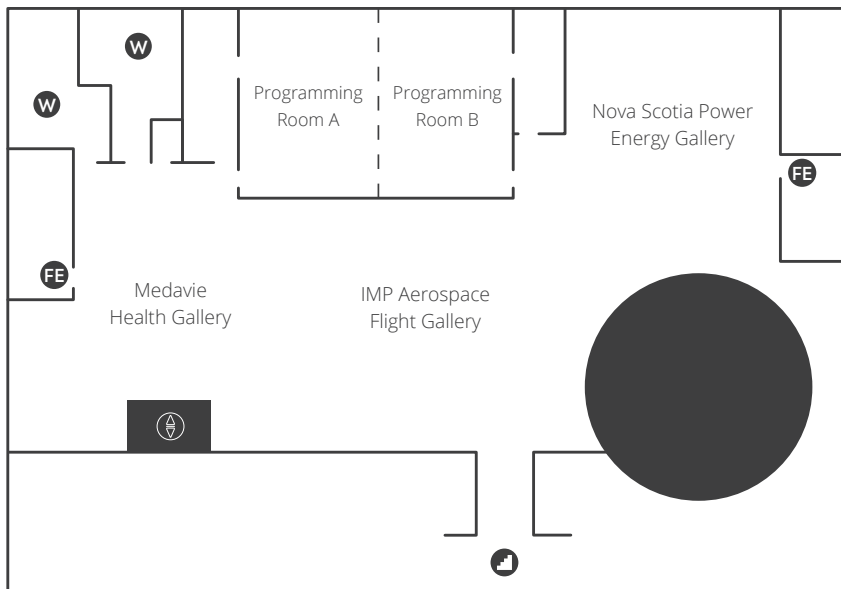

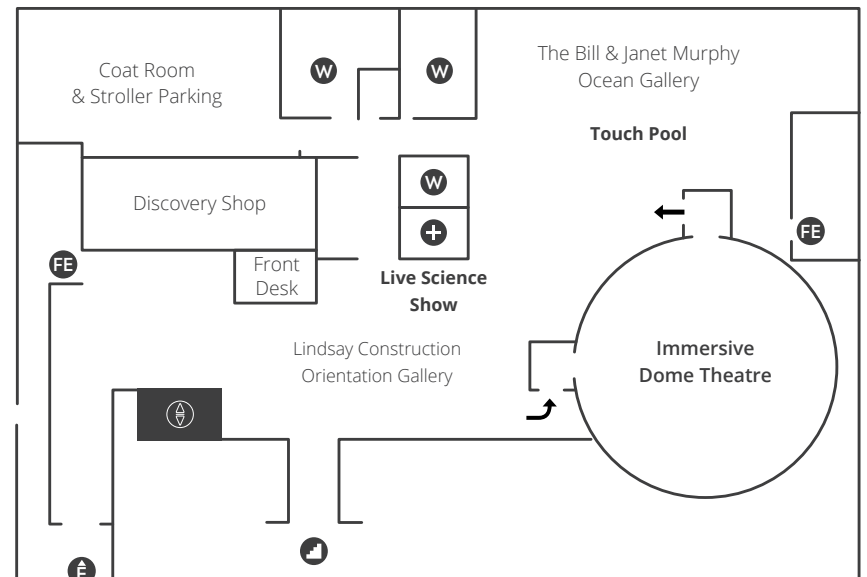

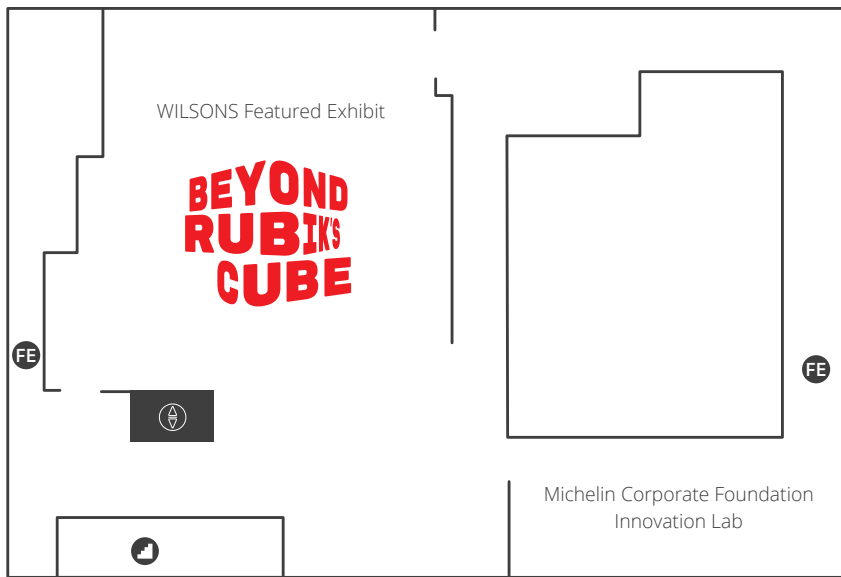

\*Tickets can be purchased at admissions

## Free Gift with Membership!

Purchase or renew your Discovery Centre Membership before March 22nd and you'll receive a *limited edition* Discovery Centre stuffy! Visit us at the front desk or sign up online.

\*Only available to residents of Nova Scotia and Prince Edward Island.

# Discovery Centre Visitor's Map

-  Entrance
-  Elevator
-  Washrooms
-  Stairs
-  Fire Exit
-  First Aid

## Helpful Tips

1. Create a buddy system
2. Line up 10 minutes before a dome show starts
3. While you're here, sign up for a membership
4. Follow @DiscoveryCntr on Twitter for the latest updates & news
5. Enjoy a yummy lunch or treat from Bird's Nest Café (level 3)
